

Reconsider abortion issue

Who's been brainwashed? It is troubling to me that Sara Reed and millions of other people like her have been so deceived about the truth of abortion. I hope that after my letter, maybe she will reconsider what she has learned.

In her letter (as a response to Ashley and Meaghan's letter concerning abortion), she states, "While I don't personally agree with abortion, I believe that a woman has the right to do whatever she wants with her body . . ." Do you see the flaw in this statement? It's not just her body we are talking about! Sure, the woman has her rights, but so does the baby. The baby is a totally separate person, another life. Does the woman's right to choose outweigh the baby's right to live?

Next in her letter she talks about how we accept bombing abortion clinics and killing homosexuals in the name of God. In the name of God? What is she talking about? Who said we accept bombing clinics? Who said the bombers are "good Christians?" There is a "good Christian" church that I know of that would never accept the bombing of a clinic! In fact, I think the same of the clinic bombers as

I do of the abortionists who murder babies. And one more thing about clinic bombings, how many people have died in clinic bombings compared to the 36,000,000 babies who have died from abortion?

I would like to end this letter by saying thanks to Ashley and Meaghan for taking a stand. I wish more Christians would.
